Local printer cartridge refiller sells Manchester location**

Manchester, NH

InkSpot, a cartridge refilling business with eight locations, has sold its Manchester location on South Willow Street to Allen and Maryann Chouinard. InkSpot refills printer, fax and copier cartridges for consumers and businesses. They also carry a full line of compatible ink and toner cartridges. When compared with buying new cartridges, ink cartridge customers save up to 60% and toner cartridge customers save up to 40%.

“I’ve know Allen for over four years, I’m thrilled to have Allen and Maryann as part of the InkSpot team. Allen has owned a variety of businesses in the past, his focus on quality and customer service has always impressed me. InkSpot customers will see a seamless transition. InkSpot Manchester will continue to use the same high quality inks and toners as all InkSpot locations. Allen will do a great job expanding InkSpot’s customer base in the Greater Manchester area.” said Mike Lynch, owner, InkSpot LLC.

“I’m excited to take over the InkSpot Manchester location. InkSpot has developed a great reputation and a loyal customer base since its August 2005 opening. Mike has done a great job training us on the processes used to refill and test ink cartridges. Plus, it is very reassuring to know support is a phone call away. I’m looking forward to getting to know my ink & toner refill customers on a first name basis!” said Allen Chouinard, owner of InkSpot Manchester. For more information visit www.inkspotstores.com.
